**Categories:** Info

Thanks Steve, that is correct and we will need SGC, BCC and WECA support to do this as we will not have the public partners detailed knowledge of programmes and deliveries etc. This list was put together with the info I have etc. It does need the next level of detailed development. I look forward to seeing you tomorrow.

Thanks Barra

I have had a couple of my colleagues go over this in prep for tomorrow. What is clear is a need to identify the total package and clarify investment already planned (and the resource allocated), from further enhancements required for the Arena and any growth beyond that identified with the currently approved CPNN. I guess a tall order for tomorrow but will need doing so we don't double count.

Dear Steve, Colin and Patricia,

Please find attached a draft "big think piece" which sets out our strategic thoughts on the development of an Integrated Infrastructure Investment Plan.

Our aim in creating this draft was to explore how through careful investment a greater regional return could be realised and good economic growth delivered.

It would be great to have the opportunity to discuss this thinking with ye further, either collectively or individually.

I hope you all have a lovely Christmas and I look forward to working with you in 2018.

KRGS Barra
